

DEGREE

Foodservice Management**Total Credit Hours:** 60-61**About** Foodservice Management

The Foodservice Management Program aligns with the National Restaurant Association (NRA) ManageFirst - a curriculum that is framed around a set of knowledge and skills identified by the restaurant industry as important for a successful career in the foodservice industry. By completing the NRA required 800-hour work experience, graduates have the option to earn the NRA ManageFirst Professional (MFP) or the Foodservice Management Professional (FMP) credential.

Program Student Learning Outcomes (SLOs):

Upon successful completion of the AS in Foodservice Management program, students will be able to:

1. Perform foodservice manager tasks within a complex work environment.
2. Manage resources to maintain fiscal responsibility as it relates to the foodservice industry.
3. Model a customer-oriented work ethic.

GENERAL REQUIREMENTS FOR ASSOCIATE DEGREE

Recognizing the necessity for students to succeed in the complex and rapidly changing workplace, Guam Community College offers a general education curriculum that introduces students to major areas of knowledge and methods of inquiry. All degree programs require an interdisciplinary general education component that promotes the development of intellectual skills that enable students to become effective learners and informed citizens. Critical thinking, the use of language and computation, appropriate social skills, global awareness and respect for diverse opinions are among the learning outcomes provided in the general education requirements of each program.

Guam Community College believes that general education provides the academic foundation necessary for students to achieve their life goals. General education is intended to offer students a breadth of quality student learning experiences, encourage their respect for cultural heritage, promote their ethical and responsible social behavior and facilitate their life-long learning.

The General Education program strives to foster student learning and skill development in civic engagement, critical thinking, understanding of the relationship between the individual and society, information literacy, oral communication, quantitative reasoning, and written communication.

Guam Community College believes that high quality general education opportunities for all citizens are necessary for democratic principles and practices to exist and for a sound economy to flourish. The College continually scrutinizes the general education curriculum in order to assure that all degrees and certificates granted by the College support this vision of general education and that it serves as a means to inspire hope, opportunity and responsibility in all its constituencies.

Requirements for General Education follow the options described below. Students declared prior to fall 2010 will follow the requirements indicated in the applicable catalog in which they first declared their major program at the College.

Notes on General Education requirements

Students are advised to check the requirements for their specific programs before taking General Education courses.

Courses chosen to meet the general education requirements may not be used to meet the Major Requirements of a student's specific degree program.
