

HIGH SCHOOL DCAPS

## **Carpentry**

## **About Carpentry**

This introductory course is designed to familiarize students with the use, care, safe operations and maintenance of hand and power tools; to develop their skills in the use, care, and safe handling of supplies and materials; and to provide them with occupational information about carpentry.

## Student Learning Outcomes

Upon successful completion of this course, students will be able to:

- 1. Identify commonly used tools, supplies, and equipment in the carpentry profession.
- 2. Explain the safe use and care of various carpentry tools, supplies and equipment.
- 3. Identify common terminology in the carpentry field.
- 4. Discuss the various local and global career opportunities for professional carpenters.
