HIGH SCHOOL DCAPS

Early Childhood Education

About Early Childhood Education

The course provides an overview of entry-level knowledge and skills in the early childhood education field. The course also covers developmentally appropriate practices (DAP) in early childhood, careers, employment skills, and opportunities for those entering the early childhood education field.

Student Learning Outcomes

Upon successful completion of this course, students will be able to:

1. Differentiate among the physical, social, emotional, and cognitive developmental domains related to early childhood.
2. Integrate activities and components of a developmentally appropriate learning environment for young children.
3. Produce a written Student Education Plan based on exploration of various careers in early childhood education.
