

## **Environmental Health & Safety**

### **Mission**

The Environmental Health & Safety Office is responsible for implementing and monitoring GCC's Safety Program. Periodic unannounced (spot) inspections of all campus facilities and satellite high schools are conducted to identify possible local or federal OSHA-related violations. Safety training is provided to faculty and staff personnel in coordination with the Human Resources Department. The Environmental Health & Safety Office also acts as an alternate liaison with any natural disaster as GCC's FEMA Project Coordinator.
