

## Adult Education Program

### **Mission:**

*The mission of the Adult Education Program (ABE, AHS, & ESL) is to prepare adult learners with the essential knowledge and skills needed to obtain their diploma or high school equivalency, transition into postsecondary education and training without remediation, and become more efficient and productive members of society and the workforce.*

**Due to the COVID-19 pandemic, the Adult Education Office is currently unable to conduct face-to-face meetings . However, please fill out the form below and we will answer any questions that you may have.**

## **About Adult Basic Education (ABE)**

---

GCC is mandated through Public Law 34-104 to provide adult education to individuals who are **18** years of age and not enrolled or required to be enrolled in a secondary school under Guam Law, and is:

- basic skills deficient;
- does not have a secondary school diploma or its recognized equivalent, and has not achieved an equivalent level of education;
- or
- an English language learner who has limited ability in reading, writing, speaking, or comprehending the English language and whose native language is a language other than English or lives in a family or community environment where a language other than English is the dominant language.

The ABE courses are designed to assist students who score below a **239 in Reading and a 236 in Math** to develop and improve their skills. Students' scores are determined through the Comprehensive Adult Student Assessment System (CASAS) for Adult Education. The ABE courses are aligned with the College and Career Readiness Standards (CCRS). The integration of the CCRS is intended to provide the foundation knowledge and skills students need to successfully pass the GED® or HiSET® exams, transition into the Adult High School Diploma Program, and continue to postsecondary education and/or workforce.

### **The GCC Advantage:**

GCC's Adult Basic Education courses are accredited by the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges.

### **Academic Advising:**

Students who complete the CASAS assessment are advised of their scores and appropriate educational path. ABE courses are offered throughout the program year and on GCC campus and through our community partners.

### **Student Learning Outcomes:**

Upon successful completion of ABE courses, students will be able to:

---

- Illustrate proficiency in reading complex informational text independently in a variety of content areas.
- Demonstrate complex problem solving, reasoning and proof, modeling, precise communication, and making a connection in mathematics.
- Acquire the skills needed to pursue gainful employment.
- Transition into the Adult High School Diploma Program or take the GED® or HiSET® exams.
