V. REPORTS

1. President's Report: President Okada reported on the following:

Financial Status: The President provided the Board with a current financial status of the College as follows:

FY2025: As of year-to-date, the College received \$4.8 million constituting about \$4.6 million from the General Fund to support general operations; approximately \$71,000 from the General Fund to support the WICHE scholarship program; and \$100,000 for the POST Commission. The College continues to receive regular allotments from Department of Administration.

Capital Improvement Projects and other activities:

Other activities:

The President reported the following:

The College is exploring the possibility of starting a Maritime Academy program. This would be a program to help high school students enter fields like the Coast Guard or Merchant Marines. The College is also looking into starting a Paralegal program. This program would focus on assisting with legal aspects, particularly for undisputed probate cases,

The College is planning to pilot the Maritime Academy program this summer; it will take several months for the students to get the necessary clearances to participate in the program; drug testing will be emphasized to be done upfront as part of the program requirements; looking to start the Maritime Academy program with a cohort of 16 to 20 students; will conduct an interest inventory with high school students now as part of the preparations for the summer program.

The initial Maritime Academy program will not be college-credited; it will be a 7-day training program, consisting of 7 courses that students will complete over about a week and a half; at the end of the program, students will receive a certificate and certification; for the pilot program, it will be included as part of the College's regular CTE (Career & Technical Education) summer offerings; The purpose of the pilot is to gauge the level of interest and see if students are willing to attend the program.

The summer programs at Guam Community College are not just for public school students, but also for private and non-public school students; in the past, the College received interest and participation from charter schools and private schools for these summer programs and depending on the school, the students can either take the summer programs as electives that transfer back to their high school, or they can earn college credits through the programs.

BOT - Meeting of February 7, 2025

The College's employees had the opportunity to attend an opioid overdose response training provided by the Guam Behavioral Health and Wellness Center. This training focused on how to deal with individuals who may be experiencing an opioid overdose especially in situations in classrooms, or are encountered by administrators and staff. This training helped employees how to properly respond and support individuals appropriately.

The College's Spring 2025 enrollment is up compared to previous semesters and does not include the students who will be starting the ADN (Associates Degree in Nursing) program in March 2025. The College has seen significant interests in the ADN program. A more detailed update on the ADN program enrollment will be provided later by the President.

The President acknowledged Dr. Gina Tudela, Dean Pilar, and all the individuals working on the accreditation core inquiries response to include Faculty Senate. That these individuals have put in significant time and effort in providing the additional support and evidence needed for the two core areas under review, which are 1) updating the curriculum; and 2) incorporating the student voice. This will form the basis for the accreditation team's visit on March 4, 2025. The exit report will be provided on March 5, 2025. The College will be sending calendar invites to the Board and the community. An Open Forum will be also scheduled during the Accreditation team's visit.

The President stated that Chairwoman Okada from the Guam Community College Foundation has approved a fundraising schedule of events that was presented to the Foundation Board. The upcoming fundraising activities will include the following: an annual giving campaign; targeted and planned giving initiatives; the College's regular events, such as the Golf Tournament; and other potential new fundraising activities.

After the accreditation visit, the College is planning on launching an Early College initiative in August of this year; the College is also preparing for an upcoming sanitary inspection and the President has requested for the sanitary inspection to begin at the end of April 2025, or early May 2025, to avoid interfering with the Spring semester. The College is doing a lot of work to "clean house" in preparation for this upcoming sanitary inspection.

CIP:

Regarding ongoing campus improvements: The College still needs to put some items out to bid, including replacing a lot of lighting fixtures and tiling for several classrooms; painting has started across the campus; still deciding how to approach the issue of adding screens to the windows, especially for buildings such as Building 2000 that did not have screens in the original design and would be a major project.

BOT - Meeting of February 7, 2025
Page 4 of 10

In addition to the campus painting and other facility upgrades, the College is still following up with the insurance company. Adjusters were on campus at the beginning of the week, and the College anticipates updates from them.

Simultaneously with the insurance follow-up, the College is continuing to provide updates to FEMA and once the insurance issues are resolved, the College will then move forward with the FEMA claims process, which are already in motion; the President and Vice Presidents will be doing a walk-through of the campus on February 7, 2025, to identify any other areas that would need to be addressed.

The tiling work in the Student Lounge is expected to be completed this week or next week; the classrooms in Building D are also being refurbished but the College is waiting for an award to be made due to some of the tiles are chipping and loosening. To avoid any potential citations, the College continues to upgrade the campus little by little, based on the funding availability.

2. Monthly Activities Report.

Student Trustee: Trustee Bautista reported the following:

Jan. 24, 2025, 12pm in the Student Center Training Room 5108, COPSA held their first general membership meeting for the semester. The student board members are very excited for their upcoming events and activities this semester.

Jan. 24, 2025, 2pm, Trustee Bautista attended the BOT Policy Review via Zoom.

Feb. 3, 2025, 11am, in the MPA, Trustee Bautista attended the completion ceremony for the GCC's Environmental Technician Boot Camp I.

Faculty Advisory Member: Ms. Simone Bollinger reported the following:

The work to update the Institutional Strategic Master Plan (ISMP) started during the GCC College Assembly during the Fall, thereafter, surveys continued to gather more input. This semester, a group of administrators, a few faculty members, and some staff met to go through a lot of the comments collected from the surveys; a process of reviewing the College's Vision, Mission, and looking at what's working and what needs improvement. This was an intensive few days of brainstorming, going through the process of working collaboratively toward a draft to update the ISMP. The ISMP draft will be pushed forward to other groups for further review and input.

The Resource Planning and Facilities (RPF) Committee reviewed the GCC FY2026 Budget, which is now being presented on the Agenda under New Business. Ms. Bollinger stated that as mentioned by Dr. Okada, the College is working with the DCs regarding the curriculum update and the goal is to ensure everyone is on the same page about what needs to be done and what support can be offered. Ms. Bollinger commented she is looking forward to this implementation.

Support Staff Advisory Member: Mr. Kenneth Bautista was not in attendance for today's Board mtg.

Board of Trustees Community Outreach Report:

Jan. 24, 2025, 2pm, BOT Policy Review via Zoom: Attended by Trustees Leon Guerrero, Arriola, Sablan and Bautista.

Jan. 28-31, 2025, AACC Workforce Development Institute conference in Coronado, California: Attended by Trustees Leon Guerrero, Arriola, and Padrones.

Feb. 3, 2025, 11am, in the MPA, completion ceremony for the GCC's Environmental Technician Boot Camp I: Attended by Trustee Leon Guerrero and Bautista.

Feb. 4, 2025, 10am via Zoom, FY26 Budget Review: Attended by Trustees Leon Guerrero and Ramos.

At this time, Trustee Padrones mentioned that the Society for Human Resources Management (SHRM) is anticipating inviting Ms. Jennifer Worth from the American Association of Community Colleges (AACC) as a guest speaker on Guam. The President stated that with the timing of Ms. Worth's guest speaker appearance with the SHRM conference in August 2025, the College is anticipating to dovetail her appearance into a College activity. The President further stated that there is an effort to bring a discussion surrounding workforce development as a result of the Micronesian Islands Forum that brings in representatives from the region. This effort would be based on the timing of Ms. Worth's visit.

During the AACC WDI conference in California, Trustees who attended were learning new things including about Artificial Intelligence (AI) and how to translate conversations. The President mentioned Trustee Padrones helped show the Trustees how to translate all the conversations and also put together a draft AI policy. The President also thanked Trustee Padrones in helping to secure a potential guest speaker for an upcoming College Assembly focused on AI.

VI. UNFINISHED BUSINESS

1. Construction Projects Updates. President Okada reported on the following:

Wellness Center.

The U.S. Fish and Wildlife Service requires information on the firm the College will be using that is going to handle the relocation of any threatened species identified on the property for this project. The College is also waiting for them to provide details on the proposed relocation site. Once this information is received by the College, it can submit the application to USDA.

BOT - Meeting of February 7, 2025
Page 6 of 10

The President further reported that USDA is standing by to receive the application and that the College is monitoring whether any recent executive orders may prohibit them from moving forward on this project. The College will be meeting with USDA for other options.

Building B. As of February 2025, this project is not yet complete and is currently at 92.31% complete. The College is pending a request for an extension on the timeline, as the completion date was originally December 31, 2024. There is the possibility of conditional occupancy. There is an elevator that has been added as a change order to the project. The scheduled completion date for the elevator is November 6, 2025.

Workforce Development Center (Barrigada property).

This project is currently 75% complete and the completion date is still scheduled for May 31, 2025

Culinary Arts & Baking Center.

This project is 86.91% complete. The roof replacement was completed on January 21, 2025. Currently, work is being done on the framing for the PV system, which was funded through a separate grant. An additional bid has been issued for kitchen equipment that was not purchased as part of the original bid. This is required for occupancy.

Generator for Building 2000.

This project is still 99% complete with a power outage scheduled this weekend with some additional work to be done. The two remaining items needed are the muffler thimble and a blanket that are expected to arrive by February 20, 2025. Anticipate completion by the end of February 2025 as this project has been at 99% complete for several months now.

Solar Parking & Building D:

The College is pending two additional clearances which are from EPA and the Department of Agriculture. The College will make follow up phone calls to these two remaining agencies. Upon receipt of these two clearances, this can be put out to bid. This is a \$2.2 million project.

VII. NEW BUSINESS.

1. FY2026 Budget Request. The Board was presented with the Guam Community College Fiscal Year 2026 Budget Request for their consideration. This budget request was reviewed by the Resource Planning and Facilities Committee and is now recommended for the Board's approval. The current budget is at \$22,789,566 and the FY2026 Budget Request is \$23,695,909. The two main areas for the increase are the retirement fund contribution for unfunded retirement and the employer's share of health insurance, which are both the medical and dental. These two main areas alone account for approximately \$900,000 of the

difference between the current budget and the proposed FY2026 budget; and the increase in medical insurance premiums for the current year is almost \$600,000.

Trustees recommended the possibility of the College going directly with another health insurance provider, rather than being part of the larger government pool, however, the College would need to do further research to see if they can separate. That this could be a way to maybe reduce the health insurance costs and premiums for the College's employees.

There were further discussions on this and the College will find out what kind of information they can get regarding separating from the government's health insurance pool; and determine if they have the legal authority to do this on their own, or if it would require legislation.

There was also a question from the Board whether the College lost any federal funds with the Executive Orders being issued by the new Administration. The President informed the Board that to date, less than \$30,000 in federal funds was the only amount the College lost in the last month regarding a grant with USAID; the activities were to begin in April 2025; and the College was able to resolve this by terminating the contract, and will be reimbursed for any costs it incurred.

Included as part of the FY2026 Budget Request are the Non-Appropriated Funds and NAF Special Projects Fund. For the record, the Board were previously provided hard copies of the FY2026 Budget Request before today's meeting. A motion was then made, as follows:

MOTION

IT WAS MOVED BY TRUSTEE FRANK P. ARRIOLA, SECONDED BY TRUSTEE ROSE P. GRINO, THAT THE GUAM COMMUNITY COLLEGE BUDGET REQUEST FOR FISCAL YEAR 2026 TO INCLUDE THE NON-APPROPRIATED FUND AND SPECIAL PROJECTS BUDGET IS HEREBY APPROVED, WITH CORRECTIONS. NONE OPPOSED, MOTION CARRIED. (Voting: 5 ayes, 0 nays)

The Board thanked the Resource Planning and Facilities Committee for their support in reviewing the FY2026 Budget Request to include Vice President Clarissa Padua for her support as well during this process.

2. Resolution No. GCC 2-2025 (Assignment of Security Roles)

The Board was presented with Resolution 2-2025, "Assignment of Security Roles for USDA RUS Telecommunications Grant." The President explained that the College received a grant under the United States Department of Agriculture (USDA) Rural Utilities Service (RUS) Distance Learning and Telemedicine Loan and Grant Program (DLT). This is for funding to acquire additional equipment to support IT infrastructure for the College and additional

funding to support Distance Education. This resolution was provided by the USDA and is a requirement in order for the College to execute the DLT grant program. This resolution also requires the College to adhere to the security protocols associated with accessing the USDA's system, as well as the financial reporting and compliance requirements of the grant program. A motion was then made, as follows:

MOTION

IT WAS MOVED BY TRUSTEE ROSE P. GRINO, SECONDED BY TRUSTEE YOLANDA M. PADRONES, THAT THE BOARD OF TRUSTEES HEREBY ADOPTS RESOLUTION 2-2025, "ASSIGNMENT OF SECURITY ROLES FOR USDA RUS TELECOMMUNICATIONS GRANT." NONE OPPOSED, MOTION CARRIED. (Voting: 5 ayes, 0 nays)

BUILDING 600 RENOVATION**

WHEREAS, under the strategy for island-wide mitigation projects, Guam Community College ("GCC" or "College") plans to retrofit, harden, and renovate Building 600 to replace its metal roof and walls to a concrete envelope that will mitigate against multiple hazards, seismic and severe winds; and

WHEREAS, the renovation of Building 600 is included in the GCC Physical Campus Master Plan (2020-2030); and

WHEREAS, GCC plans to pursue a LEED design for Building 600 for environmental sustainability, energy efficient, and resource conservation; and

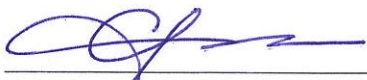

WHEREAS, Building 600 will be accommodating the needs of the Construction Trades Department that is crucial in addressing Guam's shortage of skilled construction workers on island; and

WHEREAS, the College continues to explore funding opportunities to support campus renovations/expansions; and

WHEREAS, there are sufficient amounts in the Manpower Development Fund to perform the updated architectural & engineering services in the amount of \$267,881.05.

NOW, THEREFORE, BE IT RESOLVED, that the Guam Community College Board of Trustees appropriates the additional amount of \$267,881.05 from the Manpower Development Fund to fund the updated Architectural & Engineering design in support of the renovation of Building 600.

ADOPTED the 13 day of March 2025.

GUAM COMMUNITY COLLEGE

Board of Trustees

Resolution GCC 15-2025

**REQUEST FOR APPROPRIATION
TO SUPPORT THE COLLEGE'S BANNER SaaS ENTERPRISE MODERNIZATION**

WHEREAS, the Guam Community College ("GCC") is a leader in career and technical workforce development, providing the highest quality, student-centered education and job training for Micronesia; and

WHEREAS, the College believes that all improvements and expansion of its programs are important for the growth and continued support of academic and career technical programs at GCC for our island and the region; and

WHEREAS, GCC Policy 212 and Title 17 Guam Code Annotated §31112, authorizes the Board of Trustees to collect and manage certain non-appropriated funds from sources such as tuition, fees, and other College-generated sources; and

WHEREAS, GCC needs to continue to increase enrollment, retention, and program graduation rates by improving academic quality, student learning outcomes and the quality of learning resource materials and facilities, including information technology; and

WHEREAS, the current platform for our Enterprise Resource Planning (ERP) System requires the replacement of Ellucian Banner ERP Experience System, Oracle, and Evisions Argos as they will transition from a Banner Managed Cloud environment in the next several months; and

WHEREAS, the current system would require the transition to Ellucian Banner ERP Software-As-A-Service (SaaS) System, Ellucian Insights Enterprise Extensibility, Data Connect, and the Intelligent Learning Platform (ILP) as the new cloud software; and

WHEREAS, the College would require the funding for the transition software to the new environment to ensure the continued support for the College's Integrated Database; and

WHEREAS, funding for the new software and the cost of implementation is \$1,651,437.00 over an eighteen-month period; and

WHEREAS, in order to move forward with this project, the College requests an appropriation from the College's non-appropriated funds.

NOW, THEREFORE, BE IT RESOLVED, that the Guam Community College Board of Trustees appropriates the sum of \$1,651,437.00 from the College's non-appropriated funds for the investment in the transition software; and
