# WORKPLACE GIVING

## What is Workplace Giving?

Workplace giving is a simple and effective way for you to regularly donate to the GCC Foundation through automated payroll deductions. You pledge a nominated amount to the GCC Foundation and that amount is sent directly to them each pay period.

## What's in it for you?

By contributing to a workplace giving program, you receive a tax deduction benefit at the end of the tax year. You are assured that your donation is received free of cost by the College.

Workplace giving does not require a lot of time or effort from you. Once a contribution is set up, you can choose the level of involvement, if any, you would like to have with your organization.

## How does Workplace Giving help the GCC Foundation?

Financial assistance is vital to the ongoing work of the GCC Foundation. Workplace giving funding enables the Foundation to better plan activities, goals and budgets based on a regular flow on income. This means greater community outcomes can be achieved.

## What happens at tax time?

The College will keep a record of your donations throughout the financial year and provide you with an annual giving statement.

*"Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it is the only thing that ever has."*  
- Margaret Mead
